HENKLE NAMED MANAGER OF BANKCDA'S HAYDEN BRANCH

Max Faller, president and CEO of bankcda, recently announced that Sam Henkle was named Branch Manager for the company's Hayden office. Henkle will supervise the continued growth of the Hayden branch, which opened in October 2004.

Henkle has been with bankcda since 2008 and brings a broad spectrum of experience to his new role, said Faller. Henkle served bankcda as Director of Business Development and Marketing for two years before being named a loan officer. "Sam's past positions with bankcda will be a great asset to the Hayden branch," said Faller. "Customers will certainly appreciate the convenience of interacting with someone well-versed in lending as well as the retail aspects of banking."

The \$82 million asset bankcda is celebrating its tenth anniversary on May 17. Both the Hayden branch at 200 West Honeysuckle and the Coeur d'Alene branch at 912 Northwest Boulevard as well as a courier service serve the commercial and individual banking needs of the area.
